Gentlemen:

As per Part 42, Extensions, of the Interagency Agreement (IAG), we request a schedule extension for Operable Unit 1 (OU1, 881 Hillside). This request is to extend the milestones beyond the Corrective Action Decision/Record of Decision (CAD/ROD). The length of the OU1 requested extension is consistent with past extensions for the milestones through the CAD/ROD. As per Paragraph 222(D), a "good cause" for an extension is a delay caused by the grant of an extension in regard to earlier milestones.

We request that the following milestones and proposed schedules be approved:

<u>Interagency Agreement Milestone</u>	<u>Current Interagency Agreement Date</u>	<u>Revised Interagency Agreement Date</u>
Draft Title II Design	July 5, 1995	November 30, 1996
Final Title II Design	October 3, 1995	February 28, 1997
Begin Corrective Action/ Remedial Action Construction	May 7, 1996	October 3, 1997
Complete Corrective Action/ Remedial Action Construction	November 4, 1997	April 2, 1999
Submit Performance Summary	February 10, 1998	July 9, 1999

The Department of Energy (DOE) recognizes that the "No Action" alternative currently presented in the Proposed Plan would eliminate the listed milestones, in addition to the CAD/ROD Workplan which is not listed. However, at this time, DOE only requests the schedule extension since the final "No Action" decision has not been made.

If you have any questions, please contact Dave George at 966-5669.

Sincerely,

Steven W. Slaten
